

# 'COOL SCIENCE FOR CURIOUS KIDS'

At St. James Cavalier Centre For Creativity, science is all about having fun

## **BUT THAT'S NOT ALL!**

Three cool, school programmes all focused on science. Our team has been trained by the London Science Museum to perform three workshops, **and your school gets to choose one from the following:**

- Double Density – Learn all about floating and sinking with this amazing workshop....you won't believe your eyes!!
- Crazy Cars – How do magnets work.....wouldn't you like to know by making your own magnetic car
- Sound Machine - takes us through the aspects of sound and noise and concentrates on the human ear.

*The programme commences an interactive presentation, followed by exciting experiments that are related to the chosen workshop and finally a fun quiz.*

**Duration: 2hrs 30min**

**Age: 8 – 11 years**

**Price: €3.25**

**Maximum of 60 students (2 classes)**

# 'COOL SCIENCE FOR CURIOUS KIDS'
