

"Tell Me A Story"

With A Difference

Price - € 3.25

Duration - 2.5hrs

At St. James Cavalier Centre for Creativity, the **story telling** package has been designed in a special way to offer a different method of how to tell a story by using improvisation. It has been specifically prepared for children between the ages of **4 and 7 years**.

Whilst the story telling session encourages children to read, the art session will help children discover their innate creativity so each session has been specially designed to stimulate dexterity, creativity and problem solving as well as team work between the children.

All the books for these workshops have been generously sponsored by Merlin library
